# >B< Press

## Plumbing

>B< Press fittings are quick and easy to install and are available in copper and copper alloy. This flame-free range is designed with an innovative 3-point press system which ensures a secure, permanent leak-free joint that is suitable for multiple applications.

Jaw sets sold separately.

### ROMAX® 4000 Press Tool

1000001929

- Low weight of 8 lbs for fatigue-free work even in difficult situations
- Fast working by pressing in under 5 seconds
- Increased output through improved battery technology

### Compact Twin Turbo

1000002128

- 1 lb lighter and 3" shorter than the ROMAX® 4000, making it the smallest 18v pressing machine on the market.
- Presses up to 1-1/8" copper fittings, and up to 1-1/4" water fittings
